Message from the MD

Dear Shareholder,

The overall performance of your company was outstanding in 2013, as we took actions to capitalize on profitable target market segment opportunities, while also mitigating our head-winds.

A challenging economic environment, including rising fuel costs, a weakening rupee, and increasing food prices, lead to a reduction in the overall disposable income of consumers.

For the industry, the start of 2013 was not as had been anticipated at the turn of 2012, when there was an expectation of a pickup in automotive manufacturing by mid-year. Contrary to these expectations, the new car passenger category reported a decline for the complete year of 2013. Highlights were provided though by a number of new vehicle launches that managed to keep some excitement going for this segment. The under-performing passenger car category was offset by a surge in the farm segment, driven primarily by an above average and widespread monsoon, and investments in the agricultural sector.

The farm business of your company was able to capitalize on the opportunities presented by working on manufacturing efficiencies that helped raise production, thereby meeting the increased demand from the farm segment original equipment manufacturers (OEMs). These timely actions contributed to us strengthening and consolidating our leadership position and capturing further market share in this important segment. The farm business—both OE and replacement—has managed to not only beat the business plans for 2013, but set a new record for revenue and EBIT.

The consumer business of your company overcame the economic and market challenges to successfully lay down a strong foundation for the coming years, and build a bigger and more profitable organization. The company increased its investment in key marketing and brand building initiatives to create further awareness, connect with more consumers and drive sales. The introduction of innovative products and technologies, such as Run-On-Flat tyres, also helped to shore up consumer confidence in your company's portfolio. In addition to our products, our performance in 2013 was aided by strategic initiatives in the service domain, such as the Worry Free Service program, which helped the consumer replacement business improve confidence levels with both customers and consumers. In 2013, the consumer replacement business performed creditably, gaining market share in a very competitive market.

Further areas of investment in 2013 by your company to ensure we are achieving sustainable economic value now and into the future included a focus on developing our people and capabilities to strengthen our team; implementing Continuous Improvement System (CIS) initiatives to help raise the overall efficiency and performance levels across the business; and augmenting the production capabilities at Ballabgarh facility to further improve output.

Improving sustainability was also identified as an area of importance for your company in the year 2013. Goodyear is committed to protecting the environment, as well as the health and safety of our associates, our customers and the communities in which we operate. As a global, socially-responsible corporate citizen, we conduct our business in accordance with the highest applicable legal and ethical standards, and strive to contribute to economic development and environmental protection. Your company undertook a number of key initiatives at our manufacturing facility at Ballabgarh to reduce waste, usage of solvents and usage of water. Additionally, we focused on energy conservation, waste water recovery, emissions control, and recycling of selected resources at the plants.

From a tyre design perspective, your company is also proactively marketing products designed to decrease fuel consumption—and therefore emissions—by reducing tyre rolling resistance through state-of-the-art technology in rubber compounding, tire construction and manufacturing. Goodyear's proprietary Fuel Saving Technology can currently be found in tyres such as the Assurance Fuel Max, Eagle EfficientGrip, EfficientGrip SUV and Eagle F1 Asymmetric 2.

In 2014, the Indian tyre industry is expected to register single digit growth for both the farm and consumer businesses. And to meet the growing expectations of our investors, customers and consumers, we have aggressive plans to further build our capabilities and increase our presence in the market. Your company will continue build on the success story of 2013 through work on cost reduction and efficiency improvements in our manufacturing facility, as well as launching innovative new products in line with what our customers and consumers want in their tyres.

I would like to thank you all, my valued shareholders, for the continued trust and support you have given to our company. I look forward to sharing an equally exciting performance update with you for 2014, and I wish you and your families the very best for the year ahead.

Sincerely Yours,
Rajeev Anand

Out of the surplus, an amount of Rs. 1,000 Lakhs is transferred to General Reserve and balance carried to the Balance Sheet as at December 31, 2013 is Rs. 5,978 Lakhs.

3. OPERATIONS

The Company manufactures automotive bias tyres viz. farm tyres and medium commercial truck tyres at its Ballabgarh plant and also trades in "Goodyear" branded tyres [including radial passenger and Off The Road (OTR) bias tyres] manufactured by Goodyear South Asia Tyres Private Limited (GSATPL), Aurangabad. The other products in which the Company markets and sells include tubes and flaps.

The sales performance during the year is as follows:

	(Rs. in Lakhs)
Tyres	160,836
Flaps	43
Tubes	9,710

Your Company feels proud to have been acclaimed by some of the key tractor Original Equipment Manufacturers ("OEMs") like Best Supplier Award by Eicher Tractors, and Best Supplier in Overall Performance by TAFE (Tractors & Farm Equipment Limited) in the year 2013.

Your Company has also earned global recognition as a Partner-level supplier for the year 2013 in the John Deere Achieving Excellence Program. The Partner-level status is Deere & Company's highest supplier rating. The honor is in recognition of your Company's dedication to providing products and service of outstanding quality as well as commitment to continuous improvement.

In the OTR category, your Company has been awarded with a Platinum Certificate, the highest level certification to a vendor by India's leading earthmover brand, Caterpillar. The process involves stringent requirements on Parts Per Million, 100% PPAP (Production Part Approval Process) completed on time, Rejections and supplier shipping performance.

Your Company's farm business has been re-certified as being a Class A S&OP entity by Goodyear's internal global audit team. This certification reinforces the commitment of the business towards process orientation and a drive towards continuous improvement.

Your Company feels proud to have been recognized once again by Hyundai Motors Company for being the best supplier for the year in the tyre commodity. In addition to this, Goodyear has also been re-certified with the Ford Q1 supplier award.

This year also saw the introduction of Run-on-Flat tyres into the consumer replacement market.

4. FINANCE AND ACCOUNTS

During the year, additions to fixed assets amounted to Rs. 3,807 Lakhs as against Rs. 3,254 Lakhs in the previous year. The Capital expenditure incurred amounted to Rs. 5,724 Lakhs. The interest and other finance cost during the year was Rs. 216 Lakhs.

As of the end of December 2013, an amount of NIL matured deposits remained unclaimed.

The Company has not accepted any fixed deposits and, as such, no amount of principal or interest was outstanding as on the balance sheet date.

5. FINANCIAL STATEMENTS (Full & Abridged)

In terms of Clause 32 of the Listing Agreement, your Company shall supply:

- (i) Soft copies of full Annual Reports containing its Balance Sheet, Profit & Loss account and Directors' Report to all those shareholder(s) who have registered their email address(es) for the purpose.
- (ii) Abridged Annual Report - Hard copy of statement containing the salient features of all the documents, as prescribed in sub-clause (iv) of clause (b) of proviso to section 219 of the Companies Act, 1956 to those shareholder(s) who have not so registered their email address(es); and
- (iii) Hard copies of full Annual Reports to those shareholders, who request the same.

The Board of Directors has decided to circulate the abridged Annual Report containing salient features of the Balance Sheet and Profit And Loss account to the shareholders for the financial year 2013. A Full version of the Annual Report will be available on Company's website www.goodyear.co.in and will also be made available to investors upon request.

6. DIRECTORS' RESPONSIBILITY STATEMENT UNDER SECTION 217(2AA) OF THE COMPANIES ACT, 1956

Your Directors state that the annual accounts of the Company have been prepared in conformity, in all material respects, with the generally accepted accounting standards in India and supported by reasonable and prudent judgments and statements so as to give a true and fair view of the state of affairs of the Company and of the results of the operations of the Company. Significant accounting policies followed and other disclosures are appearing in Note 2 to the Notes of the financial statements.

These financial statements of the Company have been audited by M/s Price Waterhouse & Co., Bangalore (FRN 007567S). A reference may be made to their report dated February 27, 2014 to the members together with Annexure thereto containing information per requirement under the Companies (Auditor's Report) Order, 2003, as amended by the Companies (Auditor's Report) (Amendment), Order, 2004 attached with these annual accounts.

Proper and sufficient care has been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 1956, for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.

The internal control system including internal financial controls of the Company is monitored by an independent internal audit team, which encompasses examination/periodic reviews to ascertain adequacy of internal controls and compliance to Company's policies. Weaknesses noted along with agreed upon action plans are shared with audit committee which ensures orderly and efficient conduct of the business and effectiveness of the system of internal control. Internal auditors, Audit Committee members and Statutory Auditors have full and free access to all the information and records considered necessary to carry out the assigned responsibilities. The issues raised from time to time are suitably acted upon and followed up at different levels of management.

The annual accounts have been prepared on a going concern basis.

Directors have laid down internal financial controls to be followed by the Company; through periodic internal audits they monitor compliance to the internal financial controls to ascertain whether they are adequate and operating effectively. The Directors have devised appropriate systems to ensure compliance with the provisions of all applicable laws and they monitor adequacy and operating effectiveness of the same on periodic basis.

7. FUTURE OUTLOOK

The Consumer replacement tyre industry is likely to post a modest growth in the year 2014 on the back of a suppressed year 2013. Your Company will continue to introduce new products to its existing consumer tyre portfolio with the objective of enhancing brand share.

Tractor sales in India is expected to grow at 7-9 per cent over next 5 years driven by improving irrigation facilities, resulting into greater certainty on farm income and increasing cropping intensity and higher yields resulting into higher incomes. (Source: 2013 CRISIL Research estimate).

The Prime Minister's Economic Advisory Council (PMEAC) has estimated farm sector growth for current fiscal at 4.8 per cent, more than double from last year's 1.9 per cent.

In light of the above optimistic scenario, your Company's farm business is projected to grow at mid single digit.

8. DIRECTORS

Mr Rajiv Lochan Jain and Mr R V Gupta are retiring by rotation at the forthcoming Annual General Meeting of the Company and being eligible, offer themselves for reappointment.

Mr Rajeev Anand is re-appointed as Vice Chairman & Managing Director of the company for a further period of five years with effect from February 20, 2014, and his

re-appointment be placed before the members for seeking their approval in the ensuing Annual General Meeting of the Members of the Company.

The information relating to the above appointments is also appearing under the head 'Directors' in the Corporate Governance Report.

9. STATUTORY AUDITORS

M/s Price Waterhouse & Co., Bangalore (FRN 007567S), retires at the conclusion of this Annual General Meeting and are eligible for reappointment.

10. COST AUDITORS

M/s Vijender Sharma & Co., Cost Accountants, 11, 3rd Floor, Hargovind Enclave, Vikas Marg, New Delhi - 110092 was appointed as Cost Auditor for conducting the Cost Audit for the year ending December 31, 2013. The due date for filing of the cost audit report with the Ministry of Corporate Affairs (MCA) for the year ended December 31, 2012 was June 29, 2013. The said report was filed on June 27, 2013.

11. CORPORATE GOVERNANCE

As per the applicable provisions of Clause 49 of the Listing Agreement, a detailed Corporate Governance Report together with the Auditors' Certificate on the compliance of conditions of Corporate Governance and a Management Discussion & Analysis Report form part of the Annual Report.

12. HUMAN RESOURCE

The employer-employee relations throughout the year remained cordial. Measures for training and development that focused on ethics and compliance, safety of the employees and environmental awareness received the top priority of the management.

The statement of particulars of the employees of the Company, pursuant to section 217 (2A) of the Companies Act, 1956 forming part of this report, is also attached. In terms of the provisions of Section 219(1)(b)(iv) of the Companies Act, 1956, the Abridged Annual Report has been sent to the shareholders excluding this annexure.

13. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND FOREIGN OUTGO

The particulars related to the conservation of energy, technology absorption and foreign exchange earnings and outgo as required under Section 217(1)(e) of the Companies Act, 1956, are given in a separate Annexure 'B' attached hereto and forms part of this report.

14. ACKNOWLEDGEMENT

Your Directors place on record their sincere thanks to the Company's esteemed shareholders, customers, suppliers, associates, bankers, the State Government and the Central Government, etc. for their valuable contribution and continued support. Your Directors also wish to place on record their deep appreciation to The Goodyear Tire & Rubber Company, Akron, Ohio, USA and its subsidiaries for its continued support and contribution in all the spheres of operations.

*** Fuel (K.Litres – Excluding Nitrogen Gas) for Steam – includes HSD (High Speed Diesel), FO (Furnace Oil), RFO (Residual Furnace Oil) and Pet Coke.

B) TECHNOLOGY ABSORPTION:

e) Efforts made in technology absorption as per Form B of the Annexure:

Research & Development (“R&D”)

1. Specific areas in which R&D activities carried out by the Company:

- (i) The Company, in close co-ordination with The Goodyear Tire & Rubber Company, Akron, Ohio, USA and its Innovation Centers based in Akron and Luxembourg carried out R&D activities in specific areas.
- (ii) New products development for export and local market .
- (iii) Developed and introduced farm radial tyres.
- (iv) Emphasis on continual improvement in manufacturing process and product quality to cater to customer satisfaction. Reduction in organic solvent usage, process waste and energy usage.
- (v) Usage of Continuous Improvement Systems (“CIS”) tools like six sigma / lean with technical support resulted in stabilizing process and improvement in productivity with lower product cost.
- (vi) Optimization of construction and compound formulations resulted in enhancements in product performance.
- (vii) Equipped with farm tyre testing facility to new product industrialization for faster new product launch.

2. Benefits derived as a result of above R&D

The R&D activities helped the Company to add new products to its portfolio, increase size ranges and meet customer requirement. These activities also enabled the Company to reduce process waste, lower energy consumption, increase productivity and release new products, thereby achieving higher “Customer Acceptance and Satisfaction.” The results of such R&D activities are not used by any other Goodyear affiliates for its operations.

3. Future plan of action

TECHNOLOGY ABSORPTION, ADAPTATION & INNOVATION

1. Efforts in brief made towards technology absorption, adaptation & innovation:

(a) New product introductions

R&D activities assisted the Company in introducing new product designs for farm tyres with new construction

to meet customer expectations and thereby improving market acceptance.

(b) Process improvements

Continued efforts made in the areas of quality improvement, waste reduction and product optimization to specifically improve the market acceptance of Company’s product group.

(c) System improvements

Continual efforts made to implement and sustain Quality Management System and Environmental Management Systems in the plant to help meet and enhance customers’ present and emerging needs.

2. Benefits derived as a result of above efforts:

The technical innovations and adaptation made at Goodyear’s Innovation Centers in Akron and Luxembourg along with Company’s inputs helped the Company to introduce new products and drive market acceptance of Goodyear products.

3. Imported technology:

a)	Technology imported	Radial farm tyre Bias farm tubeless tyre
b)	Year of import	2012
c)	Has technology been fully absorbed?	Technology to the extent of specific sizes of radial farm tyre and bias farm tubeless tyres has been absorbed
d)	If not fully absorbed, areas where this has not taken place, reasons therefore and future plans of action	Product and process fine tuning in progress. In future, require for new size addition in bias farm tubeless and radial farm tyres

C) FOREIGN EXCHANGE EARNINGS AND OUTGO

f) Activities relating to exports; initiatives taken to increase exports; development of new export markets for products and services; and export plans:

The countries of export during 2013 -- Australia, Nepal, Bangladesh, Japan, New Zealand, Pakistan, Peru, South Africa, Sri Lanka, Thailand, Phillipines, Singapore, United Arab Emirates, United States of America.

REPORT ON CORPORATE GOVERNANCE AS ON DECEMBER 31, 2013

1. Company's Philosophy on Code of Governance

Goodyear India Limited is a subsidiary Company of the Goodyear Orient Company (Private) Limited, Singapore ("GOCPL") effective November 29, 2011, which is 100% subsidiary of The Goodyear Tire & Rubber Company, Akron ("GTRC") and hence, GTRC became the Ultimate Holding Company. The Company's Corporate Philosophy is enshrined in a manual titled 'Business Conduct Manual' for GTRC global operations. The Business Conduct Manual is designed to help associates understand our commitment to upholding high standards and to act with honesty, integrity and fairness to protect the business and our good name. The core elements, inter-alia, include to act with honesty, integrity and respect; attract, develop, motivate and retain the best team of associates; drive an efficient, aligned and effective organization; earn and build long lasting relationships with customers, consumers, business partners and exceed their expectations; and create a sustainable business model that consistently delivers a strong return on investments. The Company is in compliance of the requirements placed under Clause 49 of the Listing Agreement ("Clause 49").

One of the Shared Values included in the Goodyear Mission requires all associates to "act with honesty, integrity and respect." Whether performing important business transactions, attending business meetings, collaborating with others on projects or socializing in less formal business situations, this value is essential to who we are as Goodyear associates all around the world.

2. Code of Conduct

In terms of the requirement of clause 49(1)(D) of the Listing Agreement, the Board of Directors of the Company, in line with the Corporate Philosophy laid down the Code of Conduct ("Code") for all Board Members and Senior Management of the Company. MANAGEMENT DISCUSSION & ANALYSIS REPORT

1. Industry Structure & Developments

There has been a robust growth registered in the tractor industry. Your Company has taken the opportunity to capitalize on the growth momentum and continues to be the market leader in the farm category with a growth of 9% in the year 2013 as compared to last year.

In the year 2013, passenger vehicles sales declined by 8% (Source: Society of Indian Automobile Manufacturers), which translated to a depressed passenger tyre demand from the Original Equipment Manufacturer (OEM) customers. However, with your Company, the OEM business has registered a growth in these market conditions thereby continuing to add valuable market share. Despite the continuing pressure on consumers purchasing ability as a result of higher interest rates, fuel prices and food inflation, the Consumer replacement tyre business has done well and your Company has increased replacement market share in the year 2013.

2. Opportunities and Threats

Good monsoons and better minimum support price for the crops have resulted in a healthy demand in farm segment across the country in 2013. The demand for the current year would primarily depend on the timing and quantum of monsoons. Your Company has capitalized on the healthy demand through focus on strengthening its replacement channel by building channel health, channel expansion and extraction. Your company is working to strengthen Goodyear's premium positioning and leadership in farm product innovation while working on an innovation pipeline of products to capture opportunities in select segments. In addition, the product innovation through launch of Vajra Super continues to be a key strategic driver. Your Company has plans to expand the production capacity to grow business.

Based on market demand, your Company has not phased out the MCT tyre business. Going forward, a periodic review will be done on MCT strategy.

In the passenger radial segment, the increasing sophistication of the vehicles and the burgeoning portfolio of SUV offerings in India provide your Company with a significant opportunity to capitalize on Goodyear's global technology. They also represent an increasing opportunity to grow contributions in the higher rim sizes of the business. In the year 2013, your Company has had major share in three of the successful OE (Car / SUV) launches. The competitive environment is likely to intensify this year. Low cost imported products continue to add to the market challenges. Your Company remains committed to bringing in the best technology to add value, combined with strong branding and product differentiation to compete vigorously and balance these threats. Rising interest rates will continue to put pressure on consumers looking for finance to fund their passenger vehicles. Consumer sentiments have been impacted as a result of unfavorable macroeconomic indicators.

3. Segment-wise/ Product-wise Performance

The Company manufactures automotive bias tyres viz. farm tyres and medium commercial truck tyres at its Ballabgarh

plant and also trades in "Goodyear" branded tyres [including radial passenger and Off The Road (OTR) bias tyres] manufactured by Goodyear South Asia Tyres Private Limited (GSATPL), Aurangabad. The other products in which the Company markets and sells include tubes and flaps.

The sales performance during the year is as follows:

(Rs. in Lakhs)

Tyres	160,836
Flaps	43
Tubes	9710

Your Company feels proud to have been acclaimed by some of the key tractor Original Equipment Manufacturers ("OEMs") like Best Supplier Award by Eicher Tractors, and Best Supplier in Overall Performance by TAFE (Tractors & Farm Equipment Limited) in the year 2013.

Your Company has also earned global recognition as a Partner-level supplier for the year 2013 in the John Deere Achieving Excellence Program. The Partner-level status is Deere & Company's highest supplier rating. The honor is in recognition of your Company's dedication to providing products and service of outstanding quality as well as commitment to continuous improvement.

In the OTR category, your Company has been awarded with a Platinum Certificate, the highest level certification to a vendor by India's leading earthmover brand, Caterpillar. The process involves stringent requirements on Parts Per Million, 100% PPAP (Production Part Approval Process) completed on time, Rejections and supplier shipping performance.

Your Company's has been re-certified as being a Class A S&OP entity by Goodyear's internal global audit team. This certification reinforces the commitment of the business towards process orientation and a drive towards continuous improvement.

Your Company feels proud to have been recognized once again by Hyundai Motors Company for being the best supplier for the year in the tyre commodity. In addition to this, Goodyear has also been re-certified with the Ford Q1 supplier award.

This year also saw the introduction of Run-on-Flat tyres into the consumer replacement market.

4. Outlook

The Reserve Bank has estimated growth to fall below 5 per cent in 2013-14 in absence of pick-up in manufacturing sector, but likely to recover to 5.5 per cent in the next financial year. Inflation rate is likely to drop marginally from the estimated 9.5% levels in 2014 to 8.5% by the end of 2014.

In this context, your Company will intensify efforts in all key areas of its operations to increase profitability through initiatives that are targeted at improving revenues and margin in order to address market realities and increasing competitiveness.

Tractor sales in India is expected to grow at 7-9 per cent over next 5 years driven by improving irrigation facilities, resulting into greater certainty on farm income and

increasing cropping intensity and higher yields resulting into higher incomes (*Source: 2013 CRISIL Research estimate*).

The Prime Minister's Economic Advisory Council (PMEAC) has estimated farm sector growth for current fiscal at 4.8 per cent, more than double from last year's 1.9 per cent.

In light of the above optimistic scenario, your Company's farm business is projected to grow at mid single digit.

The passenger tyre industry is expected to stage a moderate recovery in the year 2014. This will be on the back of a drop in both OE car sales and production in the year 2013. Your Company will continue to seek new OEM fitments, strengthen relationships with existing OEMs and introduce award winning new products to its existing consumer tyre portfolio with the objective of enhancing brand share.

5. Risks and Concerns

The country's macro economic conditions have not been so good owing to static policy movements, higher interest rates and stubborn inflation. However, early signs of agriculture growth are positive signs for economic recovery. The year 2014, being an election year for India will carry its own challenges. The outcome of general elections could have an impact on the growth prospects for the country and resultantly for the automobile industry.

Approximately 20% of the net sales of your Company were attributable to the sale of products procured from Goodyear South Asia Tyres Private Limited (GSATPL), Aurangabad.

The prevailing uncertainty in some of the legal disputes/demands, etc. raised against the Company, arbitrary disallowances in certain tax proceedings and untenable disputes raised are the additional areas of concern perceived by your Company.

As in the past, your Company has obtained insurance coverage for its assets. However, no coverage for the foreign exchange risk was obtained for its foreign exchange exposures.

6. Internal Control Systems and Their Adequacy

Your Company has a proper and adequate system of internal control including internal financial controls. Your Company has an Audit Committee headed by a non-executive independent director, inter-alia, to oversee your Company's financial reporting process, disclosure of financial information, and reviewing the performance of statutory and internal auditors with management. The internal control system, including internal financial controls of the Company, is monitored by an independent internal audit team, which encompasses examination/periodic reviews to ascertain adequacy of internal controls and compliance to Company's policies. Weaknesses noted along with agreed upon action plans are shared with audit committee which ensures orderly and efficient conduct of the business and effectiveness of the system of internal control. The audit function also looks into related party transactions, preventive controls, investigations, detection of frauds as well as other areas requiring mandatory review per clause 49 of the Listing Agreement and applicable laws. The powers of the Audit Committee, inter-alia, include

seeking information from any employee, obtaining outside legal or other professional advice, and investigating any activity of the company within the committee's term of reference. Your Company's internal audit department verifies the information concerning the reliability of the financial statements as well as the compliance with your Company's policies so as to maintain accountability and ensuring controls are in place to safeguard of all its assets and correctness of accounting records. The internal audit department shares regular updates regarding the work done, coverage, weaknesses noted and other relevant issues with appropriate management levels including Audit Committee. Observations/ weaknesses noted from time to time are suitably acted upon and followed up at different levels of management.

7. Discussion on Financial Performance with respect to Operational Performance

The details of the financial performance of your Company are reflected in the Balance Sheet, Profit & Loss Account and other Financial Statements, appearing separately. Highlights are provided below:

(Rs. in Lakhs)

Particulars	2013	2012
Total Sales & Other Income	173,611	163,513
Less: Excise Duty	13,717	13,205
Net Sales & Other Income	159,894	150,308
Profit Before Interest, Depreciation & Tax	16,926	11,254

The financial performance of your Company has been further explained in the Directors' Report of your Company for the year 2013, appearing separately.

8. Human Resources

Industrial harmony was maintained during the year through cordial and productive employee relations. High priority was given to aspects related to the safety of the employees and training and development on functional and ethical areas. The total number of salaried and hourly paid associates, as of December 31, 2013, stood at 909.

Cautionary Statement

Certain statements in the Management Discussion and Analysis describing your Company's views about the industry, expectations/predictions, objectives, etc. may be forward looking within the meaning of applicable laws and regulations. Actual results may differ from those expressed or implied in these statements. Your Company's operations may, inter-alia, be affected by the supply and demand situations, input prices and availability, changes in Government regulations, tax laws, government or court decisions and other factors such as industry relations and economic developments, etc. Investors should bear the above in mind.

Auditors' Certificate regarding compliance of conditions of Corporate Governance

To the Members of GOODYEAR INDIA LIMITED

We have examined the compliance of conditions of Corporate Governance by Goodyear India Limited, for the year ended December 31, 2013, as stipulated in Clause 49 of the Listing Agreement of the said Company with stock exchange in India.

The compliance of conditions of Corporate Governance is the responsibility of the Company's management. Our examination was carried out in accordance with the Guidance Note on Certification of Corporate Governance (as stipulated in Clause 49 of the Listing Agreement), issued by the Institute of Chartered Accountants of India and was limited to procedures and implementation thereof, adopted by the Company for ensuring the compliance of the conditions of Corporate Governance. It is neither an audit nor an expression of opinion on the financial statements of the Company.

In our opinion and to the best of our information and according to the explanations given to us, we certify that the Company has complied with the conditions of Corporate Governance as stipulated in the above mentioned Listing Agreement.

We state that such compliance is neither an assurance as to the future viability of the Company nor the efficiency or effectiveness with which the management has conducted the affairs of the Company.

INDEPENDENT AUDITORS' REPORT

To the Members of Goodyear India Limited

Report on the abridged financial statements

1. The accompanying abridged financial statements of Goodyear India Limited (the "Company") comprise the abridged balance sheet as at December 31, 2013, the abridged statement of profit and loss and abridged cash flow statement for the year then ended together with the related notes, which we have signed under reference to this report.
2. These abridged financial statements are derived from the statutory audited financial statements of the Company for the year ended December 31, 2013 prepared by the Company's Management in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of the Companies Act, 1956 (the "Act"), covered by our attached report of even date to the Members of the Company pursuant to section 227 of the Act, in which we have expressed an unmodified audit opinion.
3. The abridged financial statements do not contain all the disclosures required by the Accounting Standards referred to in sub-section (3C) of section 211 of the Act and Schedule VI to the Act, applied in the preparation and presentation of the audited financial statements of the Company. Reading the abridged financial statements, therefore, is not a substitute for reading the audited financial statements of the Company.

Management's Responsibility for the Abridged Financial Statements

4. The Company's Management is responsible for the preparation of the abridged financial statements in accordance with Rule 7A of the Companies (Central Government's) General Rules and Forms, 1956 (the "Rules"). The Company's Management (including Directors) are ultimately responsible for the designing, implementing and maintaining internal control relevant to the preparation and presentation of the abridged

financial statements that are consistent with the audited financial statements and are free from material misstatement, whether due to fraud or error; and also includes appropriate interpretation and application of the relevant provisions of the Rules and the Act.

5. The Company's Management (including Directors) are also responsible for ensuring that the Company complies with the requirements of the Rules.

Auditors' Responsibility

6. Our responsibility is to express an opinion on the abridged financial statements based on our procedures, which were conducted in accordance with Standard on Auditing (SA) 810, 'Engagements to Report on Summary Financial Statements', issued by the Institute of Chartered Accountants of India.

Opinion

7. In our opinion, the accompanying abridged financial statements, are consistent, in all material respects, with the audited statutory financial statements of the Company as at and for the year ended December 31, 2013 prepared in accordance with Schedule VI to the Act, covered by our attached report of even date to the Members of the Company pursuant to section 227 of the Act, in accordance with the Rules.

INDEPENDENT AUDITORS' REPORT

To the Members of Goodyear India Limited

Report on the Financial Statements

1. We have audited the accompanying financial statements of Goodyear India Limited (the "Company"), which comprise the Balance Sheet as at December 31, 2013, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information, which we have signed under reference to this report.

Management's Responsibility for the Financial Statements

2. The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards referred to in sub-section (3C) of section 211 of 'the Companies Act, 1956' of India (the "Act"). This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.
4. An audit involves performing procedures to obtain audit evidence, about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by Management, as well as evaluating the overall presentation of the financial statements.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

6. In our opinion, and to the best of our information and according to the explanations given to us, the accompanying

financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- (a) in the case of the Balance Sheet, of the state of affairs of the Company as at December 31, 2013;
- (b) in the case of the Statement of Profit and Loss, of the profit for the year ended on that date; and
- (c) in the case of the Cash Flow Statement, of the cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

7. As required by 'the Companies (Auditor's Report) Order, 2003', as amended by 'the Companies (Auditor's Report) (Amendment) Order, 2004', issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act (hereinafter referred to as the "Order"), and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
8. As required by section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purpose of our audit;
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the Balance Sheet, Statement of Profit and Loss, and Cash Flow Statement dealt with by this report comply with the Accounting Standards referred to in sub-section (3C) of section 211 of the Act;
 - (e) On the basis of written representations received from the directors as on December 31, 2013, and taken on record by the Board of Directors, none of the directors is disqualified as on December 31, 2013, from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

Annexure to Independent Auditors' Report

Referred to in paragraph 7 of the Independent Auditors' Report of even date to the members of Goodyear India Limited on the financial statements as of and for the year ended December 31, 2013

- i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.
 - (b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.
 - (c) In our opinion, and according to the information and explanations given to us, a substantial part of fixed assets has not been disposed off by the Company during the year.
- ii. (a) The inventory including stocks with third parties has been physically verified by the Management during the year. In our opinion, the frequency of verification is reasonable.
 - (b) In our opinion, the procedures of physical verification of inventory followed by the Management are reasonable and adequate in relation to the size of the Company and the nature of its business.
 - (c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. The discrepancies noticed on physical verification of inventory as compared to book records were not material.
- iii. The Company has not granted/taken any loans, secured or unsecured, to companies, firms or other parties covered in the register maintained under Section 301 of the Act. Therefore, the provisions of Clause 4(iii)(b),(c) and (d)/(f) and (g) of the said Order are not applicable to the Company.
- iv. In our opinion, and according to the information and explanations given to us, there is an adequate internal control system commensurate with the size of the Company and the nature of its business for the purchase of inventory and fixed assets and for the sale of goods. Further, on the basis of our examination of the books and records of the Company, and according to the information and explanations given to us, we have neither come across, nor have been informed of, any continuing failure to correct major weaknesses in the aforesaid internal control system.
- v. (a) According to the information and explanations given to us, we are of the opinion that the particulars of all contracts or arrangements that need to be entered into the register maintained under Section 301 of the Companies Act, 1956 have been so entered.
 - (b) In our opinion, and according to the information and explanations given to us, the transactions made in pursuance of such contracts or arrangements and exceeding the value of Rupees Five Lakhs in respect of any party during the year have been made at prices which are reasonable having regard to the prevailing market prices at the relevant time.
- vi. The Company has not accepted any deposits from the public within the meaning of Sections 58A and 58AA of the Act and the rules framed there under.
- vii. In our opinion, the Company has an internal audit system commensurate with its size and the nature of its business.
- viii. We have broadly reviewed the books of account maintained by the Company in respect of products where, pursuant to the rules made by the Central Government of India, the maintenance of cost records has been prescribed under clause (d) of sub-section (1) of Section 209 of the Act, and are of the opinion that, prima facie, the prescribed accounts and records have been made and maintained. We have not, however, made a detailed examination of the records with a view to determine whether they are accurate or complete.
- ix. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of income tax and sales tax, though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including provident fund, investor education and protection fund, employees' state insurance, wealth tax, service tax, customs duty, excise duty and other material statutory dues, as applicable, with the appropriate authorities.
 - (b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of wealth tax and customs duty which have not been deposited on account of any dispute. The particulars of dues of income tax, sales tax, service tax and excise duty as at December 31, 2013 which have not been deposited on account of a dispute, are as follows:

(2) SIGNIFICANT ACCOUNTING POLICIES

i) Accounting Convention and Basis for Preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis, except for certain tangible assets which are being carried at revalued amounts. These financial statements have been prepared to comply in all material aspects with the accounting standards notified under Section 211(3C) [Companies (Accounting Standards) Rules, 2006, as amended] and the other relevant provisions of the Companies Act, 1956.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the revised Schedule VI to the Companies Act, 1956. Based on the nature of products and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current/non-current classification of assets and liabilities.

ii) Fixed Assets

Tangible assets are stated at cost of acquisition/construction net of accumulated depreciation and accumulated impairment losses, if any and assets taken on finance lease on or after January 1, 2002 are stated at lower of the fair value/present value of the minimum lease payments at the inception of the lease. The figures of Land, Buildings and factory Plant and Machinery, which have been revalued during the year 1984, are on the basis of valuation report of an approved valuer.

Subsequent expenditures related to an item of fixed asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

Losses arising from the retirement of, and gains or losses arising from disposal of fixed assets which are carried at cost are recognized in the Statement of Profit and Loss.

Intangible Assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized on a straight-line basis over their estimated useful lives. A rebuttable presumption that the useful life of an intangible asset will not exceed ten years from the date when the asset is available for use is considered by the management. Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognized as income or expense in the Statement of Profit and Loss.

iii) Depreciation/Amortization

a) The Company follows straight-line method of depreciation in respect of all its fixed assets including

assets taken on finance lease, as per Schedule XIV to the Companies Act, 1956, except (c) and (d).

- b) As per technical evaluation, Plant and Machinery is treated as Continuous Process Plant as defined in Schedule XIV to the Companies Act, 1956 and the depreciation has been provided accordingly.
- c) Depreciation has been provided in respect of certain category of Plant and Machinery (including machinery spares of irregular nature) as per technical assessment by the management based on straight line method over the useful life of 5-10 years.
- d) The depreciation on assets revalued as at December 31, 1984, is provided on the basis of the residual life as per the technical estimation by the valuer.
- e) Intangible Assets : Softwares are amortized over a period of 6 years based on the estimated economic useful life of the asset.
- f) The depreciation on the assets capitalized during the year is charged from beginning of the month following the date of capitalization.

iv) Inventories

Inventories are valued at lower of cost and net realizable value. Cost includes cost of purchase, conversion costs and appropriate production overheads incurred in bringing the inventories to their present location and condition and is net of all duties and input taxes which are available for set-off against output taxes. Finished goods are inclusive of excise duty. Net realizable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

The basis of determining cost for various categories of inventories is as follows:

Raw materials	Weighted average
Stores and Spare parts	Weighted average
Work-in-process and Finished goods	} Materials and appropriate share of labour and overheads

Inventories have been disclosed net of provision for obsolescence, if any. Provision for inventory obsolescence is determined based on management's estimate.

v) Research and Development Expenditure

The revenue expenditure on research and development is expensed under the respective heads in the year in which it is incurred.

vi) Revenue Recognition

Sale of goods : Sales are recognized when the substantial risks and rewards of ownership in the goods are transferred to the buyer as per the terms of the contract and are recognized net of trade discounts, rebates, sales taxes and excise duties.

vii) Other Income

Interest : Interest income is recognized on a time proportion basis taking into account the amount outstanding and the rate applicable.

Export Incentives : Income from duty draw back or other export incentives is recognized on an accrual basis.

Insurance Claims : Income from refund claim of insurance is recognized on realization of refund amount.

viii) Employee Benefits

Defined Contribution Plans

Employee State Insurance and Employee Pension Scheme 1995 : Contribution towards these are made to the regulatory authorities. Such benefits are classified as Defined Contribution Schemes as the Company

does not carry any further obligations, apart from the contributions made on a monthly basis.

Superannuation Fund : Contribution towards Superannuation Fund is administered by a trust set up by the Company, which is recognized by the Income Tax authorities. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Defined Benefit Plans

Provident Fund : Provident Fund contributions are made to a Trust administered by the Company. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of the year. Actuarial losses/gains are recognized in the Statement of Profit and Loss in the year in which they arise.

The contributions made to the trust are recognized as plan assets. The defined benefit obligation recognized in the balance sheet represents the present value of the defined benefit obligation as reduced by the fair value of plan assets and the same is disclosed as 'Interest on Provident Fund contributions'.

Gratuity : The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/gains are recognized in the Statement of Profit and Loss in the year in which they arise.

Other Employee Benefits

Compensated Absences : Accumulated compensated absences, which are expected to be availed or encashed within 12 months from the end of the year end are treated as short term employee benefits. The obligation towards the same is measured at the expected cost of accumulating compensated absences as the additional amount expected to be paid as a result of the unused entitlement as at the year end.

Accumulated compensated absences, which are expected to be availed or encashed beyond 12 months from the end of the year end are treated as other long term employee benefits. The Company's liability is actuarially determined (using the Projected Unit Credit method) at the end of each year. Actuarial losses/ gains are recognized in the Statement of Profit and Loss in the year in which they arise.

ix) Income Tax

Tax expense for the period, comprising current tax and deferred tax, are included in the determination of the net profit or loss for the period. Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the prevailing taxation laws.

Deferred tax is recognized for all the timing differences, subject to the consideration of prudence in respect of deferred tax assets. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. Deferred tax assets and liabilities are measured using the tax rates and tax laws that have been enacted or substantively enacted by the Balance Sheet date. At each Balance Sheet date, the Company re-assesses unrecognized deferred tax assets, if any.

Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off assets against liabilities

representing current tax and where the deferred tax assets and the deferred tax liabilities relate to taxes on income levied by the same governing taxation laws.

x) Foreign Currency Translations

Initial Recognition : On initial recognition, all foreign currency transactions are recorded by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction.

Subsequent Recognition : As at the reporting date, non-monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of the transaction.

All monetary assets and liabilities in foreign currency are restated at the end of accounting period. Exchange differences on restatement of monetary items are recognized in the Statement of Profit and Loss.

xi) Lease Rental

Leases in which a significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Payments made under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease.

xii) Borrowing Costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. All other borrowing costs are recognized in Statement of Profit and Loss in the period in which they are incurred.

xiii) Impairment of Assets

Assessment is done at each Balance Sheet date as to whether there is any indication that an asset (tangible and intangible) may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to the recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. Assessment is also done at each Balance Sheet date as to whether there is any indication that an impairment loss recognized for an asset in prior accounting periods may no longer exist or may have decreased.

xiv) Provisions and Contingencies

Provisions : Provisions are recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the Balance sheet date and are not discounted to its present value.

Provision for replacement loss is determined on the basis of past experience and best estimates of management.

Contingent Liabilities : Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Demand for proportionate external development charges by HUDA.		
E. Other matters	266	909
These include claims against the Company for recovery lodged by various parties. Amounts deposited under protest Rs. Nil (Rs. 443).		

* During the year 2003, a demand of Rs. 662 lakhs besides interest, was raised by the Haryana Urban Development Authority (HUDA) towards external development charges (EDC) which was challenged by the Company. During June 2009, the Court of Hon'ble Additional Civil Judge (Senior Division) (First Court) passed an interim order whereby the Company was directed to pay interest @ 10% for delayed payment amounting to Rs. 5 lakhs and which was duly paid. In the year 2010, the entire demand had been set aside by the First Court. However, HUDA challenged the same before the Court of Hon'ble District & Session Judge, Faridabad. In December 2011, the said appeal was dismissed by Hon'ble District and Session Judge. HUDA has further gone into appeal before the Hon'ble High Court of Punjab and Haryana, to our knowledge the same has not yet been admitted.

F. Haryana Local Area Development Tax (HLADT)

In the year 2007, Hon'ble Punjab & Haryana High Court at Chandigarh, on a reference from the Hon'ble Supreme Court of India, had held the Haryana Local Area Development Tax (HLADT) as unconstitutional. Subsequently in the year 2008, the State of Haryana introduced "Haryana Tax on Entry of Goods Into Local Area Act, 2008 (Entry Tax)" by repealing the Haryana Local Area Development Tax Act, 2000 and the same was also held unconstitutional by the Hon'ble Punjab & Haryana High Court.

Earlier based on the legal opinion obtained by the Company and management's assessment, provision towards liability for Haryana Local Area Development Tax (HLADT) for the periods prior to March 2008 aggregating to Rs. 540 lakhs was written back during the year 2008. The amount already paid for HLADT till December 2006 and expensed in earlier years is Rs.1,938 lakhs.

Pursuant to an interim order of Hon'ble Supreme Court in October 2009, there is a stay on recovery of tax with a direction to assessee for filing their returns of tax and giving undertaking that in the event of their losing the matter, they will deposit the tax along with the interest at a rate which will be determined by the Court. During the year 2010, on the matter being heard by a bench of five Hon'ble judges of the Hon'ble Supreme Court, it was requested to Hon'ble Chief Justice of India to refer the matter to a suitable larger bench for deciding the constitutional validity of the levy. The larger bench of Hon'ble Supreme Court is yet to be constituted. However, based on legal opinion obtained by the Company and management's assessment, no provision for HLADT and Entry tax has been considered necessary.

** These represent the best possible estimates arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the different legal processes which have been invoked by the Company or the claimants as the case may be and therefore cannot be predicted accurately. The Company engages reputed professional advisors to protect its interests and has been advised that it has strong legal positions against such disputes.
