Message from the Managing Director

This Financial Year was a disruptive year driven by continuing impact of demonetization and implementation of Goods & Services Tax (GST). These initiatives are expected to have long term positive benefits, however in short term these posed significant business challenges. Along with these changes, there was a steep price increase in key raw materials of our industry like natural and synthetic rubber. I am happy to inform you that we have sailed through these challenges very well. We not only implemented GST from the very first day, but have also utilized this opportunity to streamline our logistics and other operational requirements. Company's financial performance is indicative of results of our actions, as we could improve earnings per share inspite of high raw material price increase. It has also been satisfying to witness a substantial growth in Market Capitalization growing from INR 1949 crores for Financial Year ending in March, 2017 to INR 2565 crores for Financial Year ending in March, 2018.

Despite headwinds faced due to demonetization and GST, Farm tyre industry delivered a moderate growth driven by strong growth of Original Equipment Manufacturers (OEMs). Government budgetary support in 2017, increase in Minimum Support Price (MSP) and favorable financing options along with normal monsoons helped the OEMs to continue the growth momentum while supporting the replacement business to recover post GST upheaval. Similarly, it was a challenging year for Consumer replacement business as well. Despite these transitory headwinds, your Company is optimistic about the positive long-term trends that are influencing our industry.

I am pleased to share with you that your Company has continued multi-pronged actions in farm and commercial businesses to deliver a robust bottom line, while intensifying efforts in the passenger vehicle market. Some of these initiatives are:

- Significant efforts are being made to revitalize our product portfolio. Introduction of new products helped gain greater strengths in the market for Farm business. Our focus on high value segments promises to maintain and enhance the value of the Goodyear brand.
- Expanding and strengthening distribution footprint and by increasing presence in exclusive Goodyear stores to enhance customer experience and convenience.
- Brand building has been an area of focus especially in Digital area, with significant efforts to enhance consumer experience and engagement.

Our manufacturing teams also have consistently improved plant operational efficiencies. During the year, National Green Tribunal (NGT) imposed the shutdown of all manufacturing units around Delhi NCR due to pollution related issues. However, we switched over to a lower emission fuel to quickly overcome the disruption. Goodyear's Ballabgarh plant demonstrated operational excellence in handling various disruptions and further improved on efficiencies to give higher production with lower cost of manufacturing operations.

Our performance was recognized by business partners and industry associations. I am pleased to share that in this year, your Company received following awards:

- Goodyear was honoured with the prestigious "Golden Peacock Award for Excellence in Corporate Governance" in 2017 in the rubber sector for the second consecutive year. This award is an evidence of the Company's commitment and zeal in running the organization with the best corporate governance practices.
- We were also felicitated with the "Business Partner of the Year" Award by Mahindra Group Company, Swaraj, a leading tractor manufacturer in India, in Financial Year 2017-18. This was the highest-level award given by Mahindra Swaraj in all categories, where Goodyear was selected from a supplier base of more than 350+ suppliers.

- Safety is a value at Goodyear and Goodyear promotes safe mobility to make communities safer and stronger. Goodyear India is proud to have won the “FICCI Road Safety Award 2017” for the category 'Road Safety in Community' as part of its ongoing CSR (Corporate Social Responsibility) initiative 'Safer Roads, Safer You'.

We continue to be optimistic about a strong performance in Financial Year 2018-19 for both Farm as well as Passenger Car tyre businesses. In line with the positive macro environment, strong focus by the government on rural economy, we expect farm tyre industry to deliver strong growth in Financial Year 2018-19. This will help us sustain our strong OE performance while rejuvenating our replacement business which is slated to get back on growth momentum. In the Consumer business, our strategy is to win in the most profitable segments of the market. We continue to focus on growth in distribution network including Goodyear branded retail stores and innovating to meet the needs of customers which will be among the most important drivers of our growth in the years ahead.

In conclusion, we will continue to focus on growth and profits and build on the values of innovation and sustainability. Our plans are supported by investments in assets and capability in the years to come. We are well placed to grow and deliver great products and build value in the market, with the consumers and our valued shareholders in 2018 and beyond.

I would like to thank you, our shareholders, for your continued support, trust and confidence.

Yours sincerely,

Rajeev Anand

Accordingly, during the FY under review, the Company has transferred Unpaid/ Unclaimed dividend amounting to Rs. 2,981,377 lying with the Company for a period of seven years pertaining to the FY ended on December 31, 2009.

b. The members of the Company are also informed that as per the new provisions introduced in the year 2016, underlying equity shares on which dividend remain Unpaid/Unclaimed for a period of 7 (seven) consecutive years are required to be transferred to the Investor Education & Protection Fund (IEPF) Authority established by the Central Government.

Accordingly, during the FY under review, the Company has transferred the following Unclaimed shares to IEPF Authority:

- 262,247 equity shares, pertaining to the FY ended on December 31, 2008, in respect of which dividend have not been claimed by the members for seven consecutive years.
- 13,747 equity shares, pertaining to the FY ended on December 31, 2009, in respect of which dividend have not been claimed by the members for seven consecutive years.

6. OPERATIONS

Despite facing disruption from demonetisation and GST, the tyre industry was able to deliver a moderate growth in the FY 2017-18. Strong traction with Original Equipment

Manufacturers (OEMs) helped nullify the slow-down in the replacement business. Government budgetary support in 2017, increase in Minimum Support Price (MSP) and favorable financing options helped the OE business to continue on the growth momentum while supporting the replacement business to recover post GST upheaval.

In 2017, the business continued to focus on Innovation Excellence and launched 3 new products in rear farm tyre segment while extending the range in the front farm tyre 3 RIB. The business introduced the rear farm tyres in different applications catering to the needs of our consumers. The Company introduced Goodrock in the industrial application, after intensive testing and Vajra Super for harvesting operations. The Company also introduced Sampurna + for the value segment of the Farm & Haulage application. In front farm tyre segment, we extended our FT 195 3 RIB range by adding sizes to serve the demand of our consumers

The Company manufactures automotive bias tyres viz. farm tyres and commercial truck tyres at its Ballabgarh plant and also trades in “Goodyear” branded tyres including radial passenger tyres (consumer) manufactured by Goodyear South Asia Tyres Private Limited (‘GSATPL’), Aurangabad. The other products which the Company markets and sells include tubes and flaps.

Sales performance during the FY 2017-18 is as follows:

	(Rs. in Lakhs)
Tyres	1,60,888
Flaps	122
Tubes	9,164

FY 2017-18 was quite challenging for our consumer replacement business as the overall industry growth was impacted by regulatory and policy changes. However, the economic forecast is improving, which is expected to drive overall industry growth. Also, the passenger car sales have been strong over the last couple of years which augurs well for our consumer replacement business in the future.

7. AWARDS AND RECOGNITIONS

During the FY 2017-18, the Company is proud to announce that it has received the following prestigious awards:

- “Golden Peacock Award” for ‘Excellence in Corporate Governance’ in the rubber sector for the year 2017. This is the second consecutive year that the Company has earned the award. The award is an evidence of the Company’s commitment and zeal in running the organization with the best corporate governance practices.
- “FICCI Road Safety Award 2017” for the category “Road Safety in Community” for the Safer Roads Safer You, a CSR initiative.
- “Business Partner of the Year” from Mahindra Group Company – Swaraj.

8. FINANCIAL STATEMENTS (Full & Abridged)

In compliance with the Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 [SEBI (LODR), 2015], the Company shall circulate:

- Soft copies of the full Annual Report containing Balance Sheet, Statement of Profit & Loss and the Boards’ Report to all those shareholder(s) who have registered their email address(es) for the purpose.
- A hard copy of the Abridged Annual Report containing the salient features of all the documents, as prescribed in Section 136 of the Companies Act, 2013 (“the Act”) to the shareholder(s) who have not registered their email address(es); and
- Hard copies of the full Annual Report to the shareholders, who request for the same.

The Board of Directors has decided to circulate the abridged Annual Report containing salient features of the Balance Sheet and Statement of Profit and Loss to the shareholders for the FY 2017-18.

A full version of the Annual Report including the complete Balance Sheet, Statement of Profit & Loss, other statements and notes thereto prepared as per the requirements set out in Schedule III to the Companies Act, 2013 and Indian Accounting Standards (Ind AS) is available on the Company’s website at www.goodyear.co.in (Investor Relations section) and will also be shared with shareholder(s) upon request.

9. DIRECTORS’ RESPONSIBILITY STATEMENT

In terms of Section 134 of the Companies Act, 2013, the directors make the following statements that:

- in the preparation of the annual accounts for the FY 2017-18, the applicable accounting standards have been followed and that there are no material departures;
- appropriate accounting policies have been selected and applied consistently and judgements and estimates that are reasonable and prudent have been made so as to give a true and fair view of the state of affairs of the Company as at March 31, 2018 and of the profit and loss of the Company for that period;
- proper and sufficient care have been taken for the maintenance of adequate accounting records in accordance with the provisions of the Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- the annual accounts for the FY 2017-18 have been prepared on a going concern basis;
- the directors have laid down adequate internal financial controls which were followed by the Company effectively. The internal control system including internal financial controls of the Company is monitored by an independent Internal Audit Team, which encompasses examination/periodic reviews to ascertain the adequacy of internal

controls and compliance to the Company's policies. Weaknesses noted along with agreed upon action plans are shared with the Audit Committee, which ensures the orderly and efficient conduct of the business and effectiveness of the system of internal control. Internal Auditors, Audit Committee members and the Auditors have full and free access to all the information and records considered necessary to carry out the assigned responsibilities. The issues raised from time to time are suitably acted upon and followed up at different levels of management;

- (vi) the directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

10. FUTURE OUTLOOK

The tractor industry continued to show strong growth in 2017 on the back of another year of normal monsoon. This was supported by a strong focus of the Government on agriculture as reflected in the current budget together with an increasing trend towards mechanization (Source: Crisil & ICRA). Hence, the mid to long-term outlook remains robust for the tractor industry.

The Financial Year 2018-19 outlook seems positive with the expectation of Rabi crop harvest to be at record levels as per the second advance estimate by Ministry of Agriculture together with a favourable monsoon outlook given by SKYMET & Indian Metrological Department (IMD)(Source: Ministry of Agriculture; SKYMET; IMD). The tractor industry is expected to achieve growth of 8 -10% (Source: CRISIL).

The farm tyre replacement industry which was impacted by liquidity crunch post demonetization has shown signs of recovery and is expected to deliver robust growth in the future (as per ICRA/CRISIL).

The passenger tyre industry is likely to register modest growth in the year 2018-19. Strengthening product portfolio, driving distribution expansion and brand building will be the key priorities in 2018-19.

11. DIRECTORS AND KEY MANAGERIAL PERSONNEL (KMP)

The Company recognizes the importance of having a diverse Board in view of the current volatile business environment. The Company thus aims for an appropriate mix of Executive, Non-Executive and Independent Directors to maintain the independence of the Board and separate its functions of governance and management.

The following chart represents the change in Directors/KMPs during the FY 2017-18 in chronological order:

REPORT ON CORPORATE GOVERNANCE

1. COMPANY'S PHILOSOPHY ON CODE OF GOVERNANCE

Good corporate governance requires organizations to conduct their operations in a legal, ethical and transparent manner. Most of what constitutes good corporate governance is voluntary. Therefore, the voluntary adoption of good practices by organizations is the *sine qua non* of corporate governance. To develop sustainable corporate governance the dedication must come from the very top and permeate throughout the organization. The Company believes in the same and has implemented various Corporate Governance initiatives including but not limited to Zero-Tolerance Policy to Bribery & Corruption, Business Conduct Manual, Global Contract Solution and Compliance Manager Tool.

Zero-Tolerance Policy to Bribery & Corruption

The Company takes a zero-tolerance approach to bribery and corruption in all its business dealings and relationships. Accordingly, the Company conducts due diligence of its stakeholders, including but not limited to the Company's consultants, counsels, agents, dealers and channel partners. This assists the Company in making informed decisions by augmenting the quality and quantity of information available. As part of the Zero-Tolerance Policy towards inducements of any kind, the Company's associates and stakeholders are encouraged to "Speak Up" and report any unethical activity through Vigil Mechanism.

Business Conduct Manual

The Business Conduct Manual has created a working environment based on mutual respect and openness. It includes policies against discrimination, harassment, violence

in the workplace and also includes policies for workplace health and safety, protecting associates' privacy and protection of confidential and proprietary information.

Global Contract Solution

Global Contract Solution ("GCS") is the Company's repository for all its contracts. It has helped the Company to improve the quality and efficiency of the contracting lifecycle and additionally, has assisted in ensuring that best practices are implemented for contracting globally.

Compliance Manager Tool

With the regulatory landscape of the country continuously evolving, the Company has engaged a compliance tracker tool that will help the Company monitor all applicable statutory compliance on a real-time basis. The tool will support the process owners and reviewers in ensuring compliance and provide necessary updates. Further, all important documents will be uploaded along with the compliance status, which can then be retrieved from the tool at any time.

Management Discussion & Analysis Report

1. Industry Structure & Developments

The country saw a mixed reaction in the rural sector with another normal monsoon in 2017, favorable financing options and government budgetary support while getting impacted adversely due to demonetization and GST.

Tractor sales showed a robust double-digit growth and closed the year with record sales. This was mainly due to favorable financing options and low penetration levels, driving an increase in mechanization in the farm industry. This had a positive impact on the farm tires Original Equipment Manufacturers (OEM) business. Replacement industry demand on the other hand faced headwinds due to Demonetization and GST in 2017. As a significant player in this category, the Company continued to work with its customers collaboratively to sustain our business growth in OE while sustaining share of market in Replacement business. The Company's farm business focused on delivering sales and marketing excellence together with innovation and operational excellence to win in the market. This helped the Company to sustain its leadership in this category.

Last year was quite challenging for the consumer replacement business. Industry growth was impacted by regulatory and policy changes. However, the outlook for the economy is positive and is expected to drive industry growth.

2. Strength, Weakness, Opportunities and Threats

The Company is a leading player in the India farm tyre market. Its major strength is that Goodyear is a strong global brand in a category dominated by local players. The Company has a high share of business with its OE customers helping the Company to leverage in the replacement market. The Company works with its OEM customers on Raw Material Index (RMI) based pricing, driving trust and transparency. Unlike other players, the Company has limited presence in commercial segment restricting its ability to leverage the same for Farm business.

The strong budgetary thrust together with positive monsoon forecast by IMD/SKYMET auger well for the agricultural economy. There are some near term headwinds due to the unseasonal rains and spike in raw material which the Company is working on to mitigate.

The Company will continue to focus on sustaining leadership in the Farm OE business through working collaboratively and sustaining excellence in key account management. In the Farm replacement business, the Company continues to focus on channel expansion, engagement and activations through sales and marketing excellence. Innovation excellence in niche segments will be key to the Company's business growth in both the OE and Replacement businesses. These strategic actions are backed by the Company's Connected Business Model approach with strong focus on the Company's OE customers, having the right products, enhancing brand awareness through engagement and through aligned distribution in the Company's Replacement channel.

In the consumer tyre business, the industry is witnessing a shift in demand towards the luxury and SUV segment which is expected to open up opportunities for the business to grow volumes and improve profitability. The economy is expected to grow at a robust pace, providing a favorable outlook for the future.

The Company's products with best-in class quality are engineered to enhance driving experiences. Innovation, performance and safety are core to the Company and this is reflected in the Company's product quality.

The competitive intensity has been high and continues to intensify with increased investments in the consumer business to garner a higher share of business. The Company faced headwinds due to demonetization and GST last year. However, this was a temporary phase and the economy has since recovered. The Company will continue to work to overcome challenges and capitalize on opportunities to grow the overall business.

3. Segment-wise/ Product-wise Performance

The Company manufactures automotive bias tyres viz. farm tyres and commercial truck tyres at its Ballabgarh plant and also trades in "Goodyear" branded tyres [including radial passenger tyres] manufactured by Goodyear South Asia Tyres Private Limited (GSATPL), Aurangabad. The other products in which the Company markets and sells include tubes and flaps.

The sales performance during the year is as follows:

(Rs. in Lakhs)

Tyres	1,60,888
Flaps	122
Tubes	9,164

4. Outlook

The Company is expecting a strong rebound in the rural economy supported by favourable monsoon and focus from government. Strong agriculture output coupled with higher MSP (Minimum Support Price as per the new market assurance scheme rolled out in Budget 2018) will boost farm incomes and increase rural spending. This should lead to a better performance from the Farm business aided by higher tractor sales by the Farm OEMs and strong demand from the Replacement market. In addition, higher mechanization will further support growth in this category.

The passenger tyre industry is likely to register a modest growth in the year 2018-19. Strengthening the Company's product portfolio, driving distribution expansion and brand building will be the key priorities going forward. The current favorable macroeconomic indicators are also expected to drive overall industry growth.

5. Risks and Concerns

Lower water storage levels in key reservoirs may have an impact on Kharif crop sowing. In the consumer replacement business, increased competitive intensity poses a continuous challenge on growing shares.

The rising raw material prices, also pose a challenge. The Company's business is focused on delivering maximum shareholder value by optimizing business margins and this may result in some volume loss, due to the high level of competitiveness in the tyre industry.

This year's budget focuses highly on the Farm sector. The quality of implementation and realisation of benefits will determine the success of the same.

6. Internal Control Systems and Adequacy

The Company has a proper and adequate system of internal control including internal financial controls. The Company has an Audit Committee headed by a Non-Executive Independent Director, inter-alia, to oversee the Company's financial reporting process, disclosure of financial information, and reviewing the performance of statutory and internal auditors with management. The internal control system, including internal financial controls of the Company, is monitored by an independent internal audit team, which encompasses examination/periodic reviews to ascertain adequacy of internal controls and compliance to the Company's policies. Weaknesses noted along with agreed upon action plans are shared with the Audit Committee, which is designed to ensure orderly and efficient conduct of the business and effectiveness of the system of internal control. The audit function also looks into preventive controls, investigations, as well as other areas requiring mandatory review as per applicable laws. The powers of the Audit Committee, inter-alia, include seeking information from any employee, obtaining outside legal or other professional advice, and investigating any activity of the Company within the Committee's term of reference. The internal audit department shares regular updates regarding the work that is done, coverage, weaknesses noted and other relevant issues with appropriate management levels including Audit Committee. Observations/ weaknesses noted from time to time are suitably acted upon and followed up at different levels of management. The internal control is supplemented by an extensive program of audits and periodic review by the management.

7. Discussion on Financial Performance with respect to Operational Performance

The details of the financial performance of the Company are reflected in the Balance Sheet, Statement of Profit & Loss and other Financial Statements, appearing separately. Highlights are provided below:

(Rs. in Lakhs)

Particulars	March 31, 2018	March 31, 2017
Total Income	1,74,262	166,001
Profit Before Tax	19,928	19,561

The financial performance of the Company has been further explained in the Board's Report of the Company for the Financial Year 2017-18 appearing separately.

8. Human Resources

Industrial harmony was maintained during the year through cordial and productive employee relations. A formal tripartite settlement was signed before the Deputy Labour Commissioner, Faridabad, Haryana on September 02, 2017. The Collective Bargaining Agreement (CBA) is effective May 1, 2017 and valid till April 30, 2020. This new settlement will help the Ballabgarh factory to improve productivity and operational efficiencies, which will offset the cost of the CBA. High priority was given by the management to training and development related to ethics and compliance, discipline, safety of the employees and environmental awareness. The total number of salaried and hourly paid associates, as of March 31, 2018 stood at 908.

9. Cautionary Statement

Certain statements in the Management Discussion and Analysis describing the Company's views on the industry, expectations/ predictions and objectives etc. may be forward looking within the meaning of applicable laws and regulations. Actual results may differ from those expressed or implied in these statements. The Company's operations may, inter-alia, be affected by the supply and demand situations, input prices and availability, changes in Government regulations, tax laws, government or court decisions and other factors such as industry relations and economic developments etc. Investors should bear this in mind when considering the above statements.

INDEPENDENT AUDITORS' REPORT

TO THE MEMBERS OF GOODYEAR INDIA LIMITED

The accompanying abridged Ind AS financial statements of Goodyear India Limited ("the Company"), which comprise Abridged Balance Sheet as at March 31, 2018, Abridged Statement of Profit and Loss (including Other Comprehensive Income), Abridged Cash Flow Statement and Abridged Statement of Changes in Equity for the year then ended, and related notes, are derived from the audited Ind AS financial statements of the Company for the year ended March 31, 2018. We expressed an unmodified audit opinion on those Ind AS financial statements in our report dated May 25, 2018.

The abridged Ind AS financial statements do not contain all the disclosures required by the Companies Act, 2013 ("the Act") and Indian Accounting Standards (Ind AS) prescribed under Section 133 of the Act and accounting principles generally accepted in India which were applied in the preparation of the audited Ind AS financial statements of the Company. Reading the abridged Ind AS financial statements, therefore, is not a substitute for reading the audited Ind AS financial statements of the Company.

Management's Responsibility for the Abridged Ind AS Financial Statements

The Company's Board of Directors is responsible for the preparation of the abridged Ind AS financial statements in accordance with the requirements specified under Section 136(1) read with Rule 10 of the Companies (Accounts) Rules, 2014, as amended, based on the audited Ind AS financial statements of the Company for the year ended March 31, 2018, prepared in accordance with Indian Accounting Standards prescribed under Section 133 of the Act and accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the abridged Ind AS financial statements.

Auditor's Responsibility

Our responsibility is to express an opinion on the abridged Ind AS financial statements based on our procedures conducted in accordance with Standard on Auditing (SA) 810 "Engagements to Report on Summary Financial Statements" specified under Section 143(10) of the Act. In performing those procedures, the auditor considers internal control relevant to the Company's preparation and fair presentation of the abridged Ind AS financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

Opinion

In our opinion and to the best of our information and explanations given to us, the abridged Ind AS financial statements prepared in accordance with Rule 10 of the Companies (Accounts) Rules, 2014, as amended, derived from the audited Ind AS financial statements of the Company for the year ended March 31, 2018 prepared in accordance with the Ind AS prescribed under Section 133 of the Act and accounting principles generally accepted in India, are a fair summary of those audited Ind AS financial statements. Our audit opinion in our report dated May 25, 2018 on those audited Ind AS financial statements contains Emphasis of Matter paragraphs which is given below.

Emphasis of Matter Paragraph

We draw attention to Note 2 to the abridged Ind AS financial statements regarding the Supreme Court's judgement in respect of the authority of the State to levy an 'entry tax'. The Company has sought legal advice with regard to levability of tax as notified by the Haryana Government in view of the parameters defined in the Supreme Court judgement. Considering the legal advice and uncertainties associated, the Company has currently assessed the obligation towards entry tax as a contingent liability, which is not quantifiable as the enabling rules have not been notified and the Company has not received any notices or demands.

The report of the predecessor auditor dated May 26, 2017 for the year ended March 31, 2017, have an emphasis of matter paragraph with respect to above matter.

Our opinion is not modified in respect of this matter.

INDEPENDENT AUDITOR'S REPORT

TO THE MEMBERS OF GOODYEAR INDIA LIMITED

Report on the Ind AS Financial Statements

We have audited the accompanying Ind AS financial statements of Goodyear India Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2018, and the Statement of Profit and Loss (including Other Comprehensive Income), the Cash Flow Statement and the Statement of Changes in Equity for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Ind AS Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these Ind AS financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Indian Accounting Standards (Ind AS) prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, and other accounting principles generally accepted in India.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these Ind AS financial statements based on our audit.

In conducting our audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made there under and the Order issued under section 143(11) of the Act.

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the Ind AS financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the Ind AS financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due

to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the Ind AS financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the Ind AS financial statements.

We believe that the audit evidence obtained by is sufficient and appropriate to provide a basis for our audit opinion on the Ind AS financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the Ind AS and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2018, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Emphasis of Matter Paragraph

We draw attention to Note 28 to the Ind AS financial statements regarding the Supreme Court's judgement in respect of the authority of the State to levy an 'entry tax'. The Company has sought legal advice with regard to levability of tax as notified by the Haryana Government in view of the parameters defined in the Supreme Court judgement. Considering the legal advice and uncertainties associated, the Company has currently assessed the obligation towards entry tax as a contingent liability, which is not quantifiable as the enabling rules have not been notified and the Company has not received any notices or demands.

The report of the predecessor auditor dated May 26, 2017 for the year ended March 31, 2017, have an emphasis of matter paragraph with respect to above matter.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report, to the extent applicable that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity are in agreement with the relevant books of account.

- d) In our opinion, the aforesaid standalone Ind AS financial statements comply with the Indian Accounting Standards prescribed under Section 133 of the Act.
 - e) On the basis of the written representations received from the directors of the Company as on March 31, 2018 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2018 from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its Ind AS financial statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company during the year ended March 31, 2018.
2. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure B" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure A to Independent Auditors' Report

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

Report on the Internal Financial Controls over financial reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act").

We have audited the internal financial controls over financial reporting of Goodyear India Limited ("the Company") as of March 31, 2018 in conjunction with our audit of the Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the criteria for internal financial control over financial reporting established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Annexure B to Independent Auditors' Report

(Referred to in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' section of our report of even date)

- (i) (a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets.
- (b) The Company has a program of verification of fixed assets to cover all the items in a phased manner over a period of three years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the program, certain fixed assets were physically verified by the Management during the year. According to the information and explanations given to us, no material discrepancies were noticed on such verification.
- (c) According to the information and explanations given to us and the records examined by us and based on the examination of the registered sale deed provided to us, we report that, the title deeds, comprising all the immovable properties of land and buildings which are freehold, are held in the name of the Company as at the balance sheet date. The Company does not have any immovable properties of freehold land and building that have been taken on finance lease.
- (ii) As explained to us, all inventories, other than for goods in transit, were physically verified during the year by the Management at reasonable intervals. The discrepancies noticed on physical verification during the year were not material and have been properly dealt with in the books of account.
- (iii) According to the information and explanations given to us, the Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Companies Act, 2013.
- (iv) According to the information and explanations given to us, the Company has not granted any loans, made investments or provided guarantees under Section 185 and 186 of the Companies Act, 2013 and hence reporting under clause (iv) of the Companies (Auditor's Report) Order, 2016 ("CARO

2016") is not applicable.

- (v) According to the information and explanations given to us, the Company has not accepted any deposit during the year.
- (vi) The maintenance of cost records has been specified by the Central Government under section 148(1) of the Companies Act, 2013. We have broadly reviewed the cost records maintained by the Company pursuant to the Companies (Cost Records and Audit) Rules, 2014, as amended prescribed by the Central Government under sub-section (1) of Section 148 of the Companies Act, 2013, and are of the opinion that, prima facie, the prescribed cost records have been made and maintained. We have, however, not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.
- (vii) According to the information and explanations given to us, in respect of statutory dues
 - (a) The Company has been regular in depositing undisputed statutory dues, including Employees' State Insurance, Sales tax, Goods and Service tax, Customs Duty, Excise Duty, cess and other material statutory dues applicable to it and generally been regular in depositing Service tax, Income tax, Value Added Tax and Provident fund with the appropriate authorities.
 - (b) There were no undisputed amounts payable in respect of Provident Fund, Employees State Insurance, Goods and Service Tax, Income-tax, Sales Tax, Service Tax, Customs Duty, Excise Duty, Value Added Tax, cess and other material statutory dues in arrears as at March 31, 2018 for a period of more than six months from the date they became payable.
 - (c) There are no dues of custom duty which have not been deposited on account of any dispute. The Particulars of dues of Income-tax, Sales Tax, Service Tax, Excise Duty and Value Added Tax which have not been deposited as on March 31, 2018 on account of disputes are given below:

Name of Statute	Nature of Dues	Forum where Dispute is Pending	Period to which the Amount Relates	Amount disputed (Rs. in lakhs)	Amount disputed (net of payment under protest) (Rs. in lakhs)

GOODYEAR INDIA LIMITED

Notes to Abridged Financial Statements as on March 31, 2018

(All amount in INR lakhs, unless otherwise stated)

Background

Goodyear India Limited (the "Company"), an existing company under the Companies Act, 2013, is a step-down subsidiary of The Goodyear Tire & Rubber Company, Akron, Ohio, USA ("GTRC"). The Company was originally registered and incorporated as a private company on October 10, 1922 and converted into a public company on March 24, 1961. The Company is engaged in the business of manufacturing and trading of tyres, tubes and flaps with manufacturing facility at Ballabgarh, Haryana, India. The Company is presently listed with the Bombay Stock Exchange (BSE Limited).

(1) SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

i) Basis of preparation

a) Compliance with Ind AS

The financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 (the Act) [Companies (Indian Accounting Standards) Rules, 2015], as amended and other relevant provisions of the Act.

b) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that is measured at fair value;
- defined benefit plans – plan assets measured at fair value; and
- share-based payments

c) Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

An asset is treated as current when it is:

Expected to be realised or intended to be sold or consumed in normal operating cycle

Held primarily for the purpose of trading

Expected to be realised within twelve months after the reporting period, or

Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

It is expected to be settled in normal operating cycle

It is held primarily for the purpose of trading

It is due to be settled within twelve months after the reporting period, or

There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

The Company classifies all other liabilities as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

d) Basis of preparation of Abridged Financial Statements

Complete Balance sheet, Statement of Changes in Equity, Statement of Profit and Loss, Statement of Cash flows and other statements and notes thereto, prepared as per the requirements of Division II to the Schedule III to the Act are available at the Company's website i.e www.goodyear.co.in/about-us/investor-relations. Copy of financial statement is also available for inspection at the registered office of the company during working hours for a period of 21 days before the date of AGM.

ii) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (CODM), Managing Director. Refer note 4 for segment information presented.

iii) Property, plant and equipment

Freehold land is carried at historical cost. All other items are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

Transition to Ind AS:

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at January 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on the straight-line method to allocate their cost, net of their residual values, over the estimated useful lives of the assets as prescribed in the Schedule II of the Companies Act, 2013 except for certain fixed assets where, based on technical evaluation by internal managements experts, the useful life of certain items of plant and machinery, buildings and furniture and fixture have been determined to be different from those mentioned in schedule II of the Companies Act, 2013, in order to reflect the actual usage of assets.

Class of Asset	Useful life
Freehold Buildings	5 – 30 Years
Furniture and Fittings	2 – 10 Years
Office Equipments	3 – 6 Years
Plant and Machinery	2 – 40 Years
Vehicles	8 Years

Depreciation on additions / disposals is provided on a pro-rata basis i.e. from (upto) the date on which the asset is ready for use / disposed off.

Spare parts having useful life of more than one period, they are accounted for as separate items and are depreciated over the useful life.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are 'included in profit or loss within other income/ other expenses.

The property, plant and equipment acquired under finance leases is depreciated over the asset's useful life or over the shorter of the asset's useful life and the lease term if there is no reasonable certainty that the Company will obtain ownership at the end of the lease term.

iv) Intangible assets

Computer software

Intangible assets are stated at acquisition cost, net of accumulated amortization and accumulated impairment losses, if any. Costs associated with maintaining software programmes are recognised as an expense as incurred.

Transition to Ind AS:

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognised as

at January 1, 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

Amortisation methods and periods:

The Company amortises intangible assets with the finite useful life (computer software) using straight line method over a period of 6 years.

v) Inventories

Raw materials and stores, work in progress, traded and finished goods:

Raw materials and stores, work-in-progress, traded and finished goods are stated at the lower of cost and net realisable value. Cost of raw materials and traded goods comprises cost of purchases. Cost of work-in-progress and finished goods comprises direct materials, direct labour and an appropriate proportion of variable and fixed overhead expenditure, the latter being allocated on the basis of normal operating capacity. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

The basis of determining cost for various categories of inventories is as follows:

Raw materials	Weighted average
Stores and Spare parts	Weighted average
Work-in-process and Finished goods	Materials and appropriate share of labour and overheads

vi) Revenue Recognition

Sale of goods: Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are inclusive of excise duty and net of returns, trade allowances, rebates, value added taxes, goods and service taxes and amounts collected on behalf of third parties.

The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the entity and specific criteria have been met and the significant risks and rewards of ownership in the goods are transferred to the buyer.

vii) Employee Benefits

a) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employee's services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations under other financial liabilities in the balance sheet.

Employee State Insurance (State Plan): Contribution are made to the regulatory authorities and are recognised as employee benefits expense in the statement of profit and loss as and when due. The Company does not carry any further obligations, apart from the contributions made on a monthly basis.

b) Other long-term employee benefit obligations

The liabilities for earned leave and sick leave which are not expected to be settled wholly within 12 months after the end of the period in which the employees render the related service. They are therefore measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period by actuaries using the projected unit credit method. The benefits are discounted using the market yields at the end of the reporting period that have terms approximating to the terms of the related obligation. Remeasurements as a result of experience adjustments and changes in actuarial assumptions are recognised in other comprehensive income / loss.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

c) Post employment obligations

Defined Contribution Plans

1. Employee Pension Scheme 1995 : Contribution are made to the regulatory authorities and are recognised as employee benefits expense in the statement of profit and loss as and when due. This benefits is classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.
2. Superannuation Fund: Contribution towards Superannuation Fund is administered by a trust set up by the Company, which is recognized by the Income Tax authorities. Such benefits are classified as Defined Contribution Schemes as the Company does not carry any further obligations, apart from the contributions made on a monthly basis.

Defined Benefit Plans

1. Provident Fund: Provident Fund contributions are made to a Trust administered by the Company. Eligible employees of the Company receive benefits from a provident fund, which is a defined benefit plan. Both the eligible employee and the Company make monthly contributions to the provident fund plan equal to a specified percentage of the covered employee's salary. The Company contributes a portion to the Trusts administered by the Company. Those trusts invests in specific designated instruments as permitted by Indian law. The remaining portion is contributed to the government administered pension fund. The rate at which the annual interest is payable to

the beneficiaries by the trust is being administered by the government. The Company has an obligation to make good the shortfall, if any, between the return from the investments of the Trusts and the notified interest rate.

2. Gratuity: The Company provides for gratuity, a defined benefit plan (the "Gratuity Plan") covering eligible employees in accordance with the Payment of Gratuity Act, 1972. The Gratuity Plan provides a lump sum payment to vested employees at retirement, death, incapacitation or termination of employment, of an amount based on the respective employee's salary and the tenure of employment.

The liability or assets recognised in the balance sheet in respect of defined benefit provident fund plans is the present value of the defined benefit obligation at the end of the reporting period less the fair value of plan assets. The liability recognised in the balance sheet in respect of defined benefit gratuity plan is the present value of the defined benefit obligation at the end of the reporting period.

The defined benefit obligations are calculated at the end of the reporting period by actuaries using the projected unit credit method.

The present value of the defined benefit obligations is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

For defined benefit provident fund plan, the net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligations and the fair value of the plan assets. For defined benefit gratuity plan, the interest cost is calculated by applying the discount rate to the balance of the defined benefit obligations.

This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligations resulting from plan amendments or curtailments are recognised immediately in profit or loss as past service cost.

d) Share-based payments

Liabilities for the stock-based payments (Stock Appreciation Right and Restricted Stock Units) are recognised as employee benefit expenses over the relevant service period. The liabilities are remeasured to fair value at each reporting date and are presented as under Provisions in the balance sheet.

The Company recognize compensation expense using the straight-line approach.

e) Termination benefits

Termination benefits are payable when employment is terminated by the Company before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Company recognises termination benefits at the earlier of the following dates: (a) when the Company can no longer withdraw the offer of those benefits; and (b) when the entity recognises costs for a restructuring that is within the scope of Ind AS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

f) Bonus plans

The Company recognises a liability and an expense for bonuses. The Company recognises a provision where contractually obliged or where there is a past practice that has created a constructive obligation.

viii) Income Tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantively enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset deferred tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other

comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

ix) Foreign Currency Translations

a) Functional and presentation currency

Items included in the financial statements are measured using the currency of 'the primary economic environment in which the entity operates ('the functional currency')'. The financial statements are presented in Indian Rupee (INR), which is Goodyear India Limited's functional and presentation currency.

b) Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at year end exchange rates are recognised in profit or loss.

Foreign exchange differences regarded as an adjustment to borrowing costs are presented in the statement of profit and loss, within finance costs. All other foreign exchange gains and losses are presented in the statement of profit and loss on a net basis within other income/other expenses.

x) Leases

As a lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases are charged to profit or loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is (or contains) a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in an arrangement.

xi) Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw down occurs.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the reporting period. Where there is a breach of a material provision of a long-term loan arrangement on or before the end of the reporting period with the effect that the liability becomes payable on demand on the reporting date, the entity does not classify the liability as current, if the lender agreed, after the reporting period and before the approval of the financial statements for issue, not to demand payment as a consequence of the breach.

xii) Borrowing costs

General and specific borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Other borrowing costs are expensed in the period in which they are incurred.

xiii) Impairment of Assets - non financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

xiv) Provisions and Contingencies

Provisions: Provisions are recognised when the Company has

a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. Provisions are not recognised for future operating losses. Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

Contingent Liabilities: Contingent liabilities are disclosed when:

- there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non occurrence of one or more uncertain future events not wholly within the control of the Company, or
- a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made.

Contingent assets: contingent assets are disclosed when the inflow of economic benefit is probable.

xv) Cash and Cash Equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

xvi) Earnings Per Share

a) Basic earnings per share

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares issued during the year

b) Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and

- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

xvii) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment.

xviii) Other financial assets

a) *Classification:*

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income or through profit or loss), and
- those measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

b) *Measurement:*

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial assets not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed off in the statement of profit and loss.

Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. A gain or loss on a debt investment that is subsequently measured at amortised cost and is not part of a hedging relationship is recognised in profit or loss when the asset is derecognised or impaired. Interest income from these financial assets is included in finance income using the effective interest rate method.

c) *Impairment of financial assets:*

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

d) *Derecognition:*

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash from the financial asset or

- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

e) *Income recognition:*

Interest income: Interest income from debt instruments is recognised using the effective interest rate method. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the gross carrying amount of a financial asset. When calculating the effective interest rate, the Company estimates the expected cash flows by considering all the contractual terms of the financial instrument (for example, prepayment, extension, call and similar options) but does not consider the expected credit losses.

Insurance Claims: Income from refund claim of insurance is recognized on realization of refund amount.

Dividend: Dividends are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

xix) Government Grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions. Government grants relating to income are deferred and recognised in the statement of profit and loss over the period necessary to match them with costs that they are intended to compensate and presented with other income.

xx) Embedded derivatives

Derivatives embedded in a host contract that is an asset within the scope of Ind AS 109 are not separated. Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

Derivatives embedded in all other host contract are separated only if the economic characteristics and risks of the embedded derivative are not closely related to the economic characteristics

and risks of the host and are measured at fair value through profit or loss. Embedded derivatives closely related to the host contracts are not separated.

Embedded foreign currency derivatives

Embedded foreign currency derivatives are not separated from the host contract if they are closely related. Such embedded derivatives are closely related to the host contract, if the host contract is not leveraged, does not contain any option feature and requires payments in one of the following currencies:

- the functional currency of any substantial party to that contract,
- the currency in which the price of the related good or service that is acquired or delivered is routinely denominated in commercial transactions around the world,
- a currency that is commonly used in contracts to purchase or sell non-financial items in the economic environment in which the transaction takes place (i.e. relatively liquid and stable currency)

Foreign currency embedded derivatives which do not meet the above criteria are separated and the derivative is accounted for at fair value through profit and loss. The Company currently does not have any such derivatives which are not closely related.

xxi) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and

settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

xxii) Trade and other payables

These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are unsecured and are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

xxiii) Contributed equity

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares are shown in equity as a deduction, net of tax, from the proceeds.

xxiv) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

xxv) Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest lakhs as per the requirement of Part I of Schedule III, unless otherwise stated.

(Note 1 of the Annual Ind AS Financial Statements)

GOODYEAR INDIA LIMITED

Notes to Abridged Financial Statements as on March 31, 2018

(All amount in INR lakhs, unless otherwise stated)

	As at March 31, 2018	As at March 31, 2017
2 Contingent Liabilities:		
i) Guarantee to Sarva Haryana Gramin Bank *	305	289
ii) Claims against the Company disputed and not acknowledge as debt **		
A. Excise duty and Service tax matters	2,159	2,310
B. Income tax matters	3,516	6,267
C. Sales tax matters	270	321
D. Customs duty matter	298	274
E. Other matters	174	312
F. Haryana Local Area Development Tax (HLADT)		

In 2008, the State of Haryana (the State) introduced the "Entry Tax Act" ("Act"), which the Punjab and Haryana High Court declared as 'Unconstitutional'. The State did not frame and notify enabling "Entry Tax Rules", and no notice or demand has been received to date by the Company. Accordingly, the amount of liability, if any, under the Entry Tax Act involved has not been quantified by the Company. On November 11, 2016, the nine Judges Bench of Hon'ble Supreme Court held that the State Governments do have right to levy an 'Entry Tax', however (i) whether States have enacted correct legislations in alignment with Indian Constitutional provisions (ii) whether such taxes demanded by State Governments were actually used for intended development of local area and (iii) the interpretation of the word "Local Area" were among questions not addressed by the November 11 ruling, but instead are to be heard by Hon'ble Divisional Bench of the Supreme Court individually for each state, on merits.

The above mentioned matter heard by the Hon'ble Divisional Bench of the Supreme Court and were remanded back to the Punjab and Haryana High Court and directed that fresh petitions should be filed by the parties, based on the above principles given by the nine Judges Bench of Supreme Court. The Company has filed its fresh petition and based on legal opinion, is of the view that the Company has a strong case and has considered this as contingent liability at this stage.

* The Company has given financial guarantee to Sarva Haryana Gramin Bank (Bank) in respect of loans taken by its employees. In case any employee on who's behalf a guarantee has been provided by the Company, opts to leave his/ her employment, then the Company is required to pay the outstanding balance in his loan account to the Bank from the proceeds of the terminal benefits payable to him after adjusting the Company's dues. The Company is covered and is not exposed to any loss. Therefore the fair value of financial guarantee is not material.

** These represent the best possible estimates arrived at on the basis of available information. The uncertainties and possible reimbursements are dependent on the outcome of the different legal processes which have been invoked by the Company or the claimants as the case may be and therefore cannot be predicted accurately. The Company engages reputed professional advisors to protect its interests and has been advised that it has strong legal positions against such disputes. It is not practicable for the Company to estimate the timings of cash outflows, if any, in respect of the above pending resolution of the respective proceedings. Amount of contingent liabilities are inclusive of Interest as per order.

4 Segment Information

The Company is engaged in the business of sales of automotive tyres, tubes and flaps. The Company sells tyres of its own brand "Goodyear". The Company is domiciled in India.

The Company has monthly review and forecasting procedure in place. The review involves the operating results of the Company as a whole except for sales and sales volume information which is available on disaggregated basis.

The Chief Operating Decision Maker (CODM), Managing Director, performs a detailed review of the operating results including cash flow, working capital, headcount of the Company as a whole and sales and sales volume on disaggregated basis and thereby makes decisions about the allocation of resources among the various functions. Since the operating results of each of the functions are not considered individually by the CODM, the functions do not meet the requirements of Ind AS 108 for classification as an operating segment, hence there is only one operating segment namely, "Automotive tyres, tubes & flaps".

11 Standards issued but not yet effective

In March 2018, the Ministry of Corporate Affairs issued the Companies (Indian Accounting Standards) Amendment Rules, 2018, notifying Ind AS 115, 'Revenue from Contracts with Customers' (a new revenue standard) and Appendix B to Ind AS 21, 'Foreign Currency Transactions and Advance Consideration'. These amendments are applicable to the company from April 1, 2018.

Ind AS 115, Revenue from Contracts with Customers

This standard requires an entity to recognise revenue on the basis of 5 step model given in the standard. The Standard focuses on identification of various performance obligations on the basis of promised goods and services to the customers as per contract, allocation of contract price on the various performance obligations and recognition of revenue when entity satisfies the performance obligation. The Standard Scopes out lease agreements from its scope.

The Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.

Appendix B to Ind AS 21, Foreign Currency Transactions and Advance Consideration

Appendix B to Ind AS 21, Foreign currency transactions and advance consideration clarifies the date of the transaction for the purpose of determining the exchange rate to use on initial recognition of the related asset, expense or income, when an entity has received or paid advance consideration in a foreign currency.

The Company is evaluating the requirements of the amendment and the effect on the financial statements is being evaluated.
